ZAP-A-GAP CA+ Is the best selling instant glue in the world. The ability to bond virtually anything to anything with consistency unequalled by any other brand makes it the favorite adhesive across many varied disciplines. Widely used throughout the hobby industry, it is the absolute best and most consistent performing glue for model building and crafting.

Some uses besides hobbies and crafts include; jewelry manufacturing and repair, taxidermy, pool cue tips, darts, archery, knife making, mold and pattern making, furniture refinishing and antique repair, auto detailing, dental molds and patterns, ceramic repair, and for fishing, fly line splicing and fly tying.

For manufacturing, ZAP-A-GAP CA+ will bond metal and / / or plastic materials allows for fast simple positioning of parts for assembly or machining.
